PROFILE

Software Engineering student (ICBT) with hands-on experience building real websites for freelance clients and hands-on experience in a professional banking and insurance office environment. Comfortable across the full web stack (frontend, backend, databases) as well as mobile app development. Bilingual in Tamil and English, detail-oriented, and a quick learner across new tools and platforms. Seeking remote opportunities in web development, data entry, data annotation/labeling, and translation, alongside local roles requiring strong communication and reliability.

TECHNICAL SKILLS

- **Languages:** Java, Python, C++, JavaScript/TypeScript, HTML5, CSS3, SQL, C# (basic)
- **Frontend:** React, React Native (Expo), Responsive Web Design, Bootstrap, Tailwind CSS
- **Backend & APIs:** Node.js, Express.js, RESTful API Design, ASP.NET/Web API (MVC), Service-Oriented Architecture
- **Mobile:** Android (Native Java), React Native, Kotlin (basic), Flutter (basic)
- **Databases & Cloud:** MongoDB Atlas, Firebase (Auth, Realtime DB, Firestore), MySQL, SQL Server, Socket.io
- **Tools:** Git/GitHub, Android Studio, Visual Studio/VS Code, XAMPP, NetBeans, Postman
- **Practices:** OOP, UML Modeling, Flowchart Design, Software Testing (Unit, UAT), MVC, Agile/SDLC
- **Other:** Data entry & data labeling/annotation, Tamil ↔ English translation (basic to intermediate)

SOFT SKILLS

Problem-Solving	Teamwork	Communication
Time Management & Discipline	Adaptability / Quick Learner	

FREELANCE WEB DEVELOPMENT PROJECTS

Bamboo Hut (🍵🍜🍛🍱🍲🥘🥙) — Multi-Cuisine Restaurant Website

- Designed and built a bilingual (Tamil/English) restaurant website with a glassmorphism visual style and an animated hero section
- Integrated a direct call button and an embedded map for easy online ordering and location lookup

Family Care & Safe Care — Dental Clinic Websites

- Built two dental clinic websites with a 3-language switcher (Tamil, Sinhala, English) and a call-to-book appointment button
- Designed service galleries, about/doctor sections, and a modern glassmorphism UI for each clinic's branding

Sathu Star Products — Natural Products Catalogue Website

- Developed a product catalogue website for a Sri Lankan natural-products brand (spices, palmyrah products, pickles, and more)
- Implemented a WhatsApp enquiry flow and a quote-request form for customer orders

ACADEMIC & PERSONAL PROJECTS

GlobeTrek Adventures — Travel & Tourism Booking Platform — *Firebase, HTML/CSS/JS, 2026*

- Built a three-role web platform (customer, agency staff, administrator) for browsing, booking, and managing travel packages
- Designed UI/UX and site architecture based on competitor analysis of similar platforms

- Implemented user registration, package search, and query submission with input validation

PrintXpress — On-Demand Printing Service App — *Java (Native Android), Firebase, Material Design, 2026*

- Developed a native Android app for browsing print products, uploading designs, and placing pickup/delivery orders
- Implemented user authentication, order tracking/status management, and a notification system for order updates and promotions
- Built order-status handling logic and a customer query/contact feature

Sweet Cupcake Shop — OOP Inventory & POS System — *Java*

- Designed a role-based bakery POS system (Cashier/Manager hierarchy) applying inheritance, encapsulation, abstraction, and polymorphism
- Modeled system architecture with UML (use case, class, sequence diagrams) prior to development
- Built file-based data persistence for product and user records

Genius Books Management System — *C++, 2025*

- Developed a menu-driven console application for bookshop inventory and sales management with user authentication
- Designed modular flowcharts for core functions (add/update/delete book records, sales processing) prior to implementation
- Implemented file-based data storage and backup with input validation and error handling; conducted structured testing (test plan, test cases, UAT)

EXPERIENCE

Freelance Website Builder / Web Developer — *Remote — Ongoing*

- Design and develop websites for local business clients, from initial concept through to a finished, deployed site

Data Entry Officer — SLIC (Sri Lanka Insurance Corporation) — *6 months*

- Responsible for data entry and record accuracy in an insurance/office environment

Banking Sector — Trainee / Support Role — *3 months*

- Hands-on experience in a professional banking environment, developing strong communication skills, discipline, and the ability to work effectively as part of a team

EDUCATION

Mu/Vidyanantha College — Grade 6 to A/Level

A/Level Results (2024) — Index No: 4213963

- Chemistry: S | Physics: S | Mathematics: C | General English: S

O/Level Results (2019) — Index No: 96812788

- Mathematics: B | Science: B | Agriculture: C | Drama & Theatre: C | Geography: A | History: B | English: C | Religion: B | Tamil: B

LANGUAGES

- Tamil — Native
- English — Intermediate (spoken & written)

ACHIEVEMENTS & ACTIVITIES

- Cricket — Active competitive player
- Chess — 3rd Place, Provincial Level (twice)
- Table Tennis — 3rd Place, Provincial Level
- Volleyball & Football — Active inter-school and provincial-level team player
